single hinged leaf

## **COMPLAN 2**

double hinged leaf

**MODELS** 

## COMPLAN 1 COMPLAN 2

## description

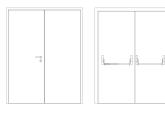

Hinged metal door with coplanar leaf and frame on both sides. The frame is made of bended electro-zinc coated steel profiles (2 mm thickness) welded to each other.

The leaf, with a door stop edge in all three sides of the frame, is made of two electro-zinc coated steel panels (1.25 mm thickness) and contains thermal insulating and acoustic materials according to the TRIA constructive system.

The use of intumescent joints ensures the necessary tightness against flames and hot gases. The pivoting behavior of the door is ensured by a concealed pivotant 90-135-3D hinge, hidden inside of the frame with three axes fine-tuning.

#### specification

model | typology

**COMPLAN 1** | single hinged leaf

**COMPLAN 2** double hinged leaf

#### classification achieved when tested

FR Integrity (EN 1634-1) (1) E 30 / E 45 / E 60 E30/E45/E60 FR Integrity and insulation (EN 1634-1) (1) El<sub>2</sub>30 / El<sub>2</sub>45 / El<sub>2</sub>60 El<sub>2</sub> 30 / El<sub>2</sub> 45 / El<sub>2</sub> 60 acoustic (ISO 717-1) (optional) 46 dB / 47 dB 44 dB / 42 dB

#### dimensions (mm)

 $<sup>^{\</sup>left( l\right) }$  classification according to standard EN 13501-2

<sup>(2)</sup> W x H = width x height = free passage

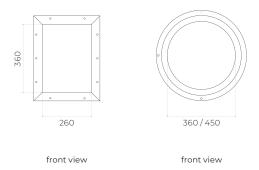

<sup>(3)</sup> according leaf thickness

<sup>(4)</sup> not applied when required acoustic requirement (5) standard RAL colors = 7035, 7038, 9005 e 9010

## optionals

only for model complan 1

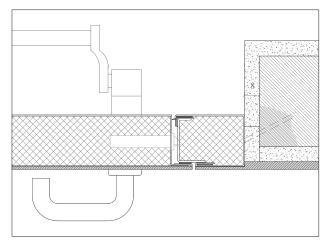

## accessories and hardware

CO	MP	IAN	٦

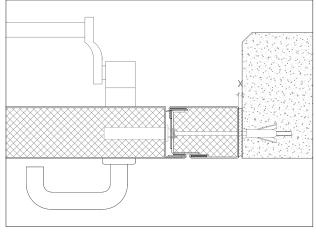

COMPLAN 2

handle / anti-panic bar (5)	1	standard	anti-panic lever handle with dril (standard) or stainless steel.	nti-panic lever handle with drill finished in black tandard) or stainless steel.	
		standard	anti-panic bar with gear unit, tube, cover caps and arms finished in nylon black (standard) or stainless steel.		
			(5) alternatively, the door may be equipped with a pair of handles.		
hidraulic door closer <sup>(6)</sup>	3	standard	hidden door closer.	hidden door closers with closing sequence selector.	
			(6) with electromagnetic hold-open (optional)		
lock / counter lock	4	standard	anti-panic lock with 1 locking points.	anti-panic lock with 1 locking points + counter lock	
cylinder	5	standard	1/2 cylinder (european profile).		
hinges	6	standard	up to 4 concealed pivotant 90-135-3D hinges, exclusive of the series (per leaf).		
others		optionals	automatic seal. rectangular and round vision panel.		

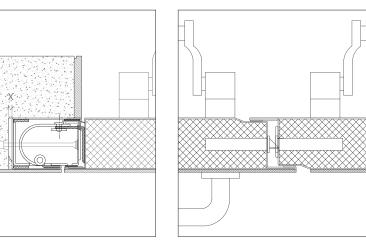

## details

X > 20 mm (steel rod fixation)

 $X \ge 5$  - 10mm (for fixing with metal wall plugs according to wall type)

 $\label{eq:condition} X \geq 5 - 10 mm \mbox{ (for fixing with metal wall plugs according to wall type)} \\ standard \mbox{ frame } | \mbox{ concrete wall mounting } | \mbox{ metal wall plugs fixation } | \mbox{ plaster and wood finishes} \\$ 

standard frame | masonry wall mounting | steel rod fixation | plaster and wood finishes

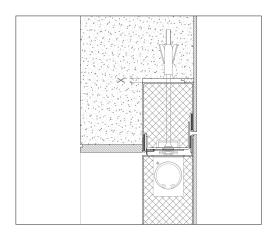

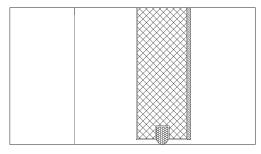

standard frame | concrete wall mounting | metal wall plugs fixation | plaster and wood finishes

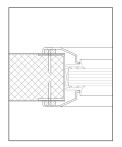

**note:** there are certain elements – namely intumescent and acoustic seals and / or leaf and frame fillings – shown in details, that can be supressed depending on the technical requirements of the door.

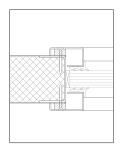

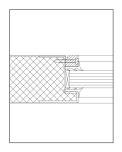

standard frame | concrete wall mounting | metal wall plugs fixation | plaster and wood finishes | hidden door closer
